

AMENDMENTS TO THE ABSTRACT

Please delete the current abstract and insert the following:

--A multilayer structure that includes a fabric and a polymeric layer that includes a substantially random interpolymer that includes in polymerized form i) one or more α -olefin monomers and ii) one or more vinyl or vinylidene aromatic monomers and/or one or more sterically hindered aliphatic or cycloaliphatic vinyl or vinylidene monomers, and optionally iii) other polymerizable ethylenically unsaturated monomer(s). The polymeric layer is free of a substantial amount of tackifier.--
